Brief Business Review

Happy New Year, everyone.

In this issue, I am very pleased to include some important activities occurred in later 2009 and this year.

Mavis Bush Tattoo Supplies was established in September 2007, aiming to provide local tattoo studios with premium quality tattoo products including needles, grips, tips, machines, power packs, ink and other accessories at a lower price.

During the past three years, we became stronger and built up close relationship with studios, especially those in Queensland area.

We had own website since the end of 2007. On 1 October 2009, we offi-

cially opened our online shop, which makes the purchase easier for those who prefer to pay online. The payment methods

Quick response and efficient delivery. An excellent supplier you can rely on.

include Credit Card, PayPal, Direct Bank Deposit, Bank Transfer and C.O.D.

Basically, we will arrange to dispatch your ordered items on the same day as soon as the payment is cleared unless occasionally we run out of stock. However we will advise you about this immedi-

ately after we received order from you.

Last year we were affected by the wave of the global financial downturn as many studios have low turnover. However we are with you guys all the time. So we continue to maintain the same level of service, which is to dispatch products as soon as possible and guarantee the products qualities.

For those we achieved, we won't make it without the dedicated support from you.

Sydney Tattoo & Body Art Expo

Booth advertisement on Sydney Tattoo & Body Art Expo website.

Advertisement of Mavis Bush Tattoo Supplies is on Issue 4 Australian Ink magazine in February 2010.

Some of you may know that there is a big tattoo show in Sydney in March this year. It is the Sydney Tattoo & Body Art Expo held in Exhibition Hall 4 on Sydney Showground Olympic Park between 6th and 8th March 2010.

We made a quick decision to book a booth

over there to take a closer look at our target market. We believe it is also a good chance to promote our brand and make it aware by tattooists around Australia as we know we need to gain more markets to survive any competition.

However as we booked late, we were only given

an Artist booth. However it is still quite easy to find us. Our booth is No. 143.

It will be our honour to meet you over there.

Please visit www.tattooexpo.com.au for more details.

Australian Ink Advertisement

Attending the Expo is not the only way to convey our information to our potential customers. We contacted with the business manager for Australian Ink, which is the official magazine in the tattoo industry by the end of last year.

It is the magazine distributed to 4,500 newsagents across Australia & New Zealand. It is available in Borders, Angus & Robertson bookstores and Coles & Woolworth Supermarkets.

We have been designing

the advertisement page over the Christmas period and it will definitely bring you surprise.

Our advertisement will be published in Issue 4 with on sale date 26th February 2010.

Discount Information

To show appreciation to our customers, we are now offering 10% off the total value of order when your purchase in one transaction is above

\$300 (GST exclusive) worth of goods.

Online purchase customers will receive a 10% off discount voucher via email for

use next time you place an order instead of an immediate discount.

The offer is valid from the date of this issue to 30th April 2010.
